ABOUT ME

I'm passionate about the ever-evolving tech With a solid foundation in delivering high-impact solutions, I excel in both frontend & backend. Proficient in React Native, React, JavaScript (ES6+), PHP, HTML/CSS, Bootstrap, and Tailwind. I create engaging cross-platform applications. My expertise in UI/UX design ensures functionality and visual appeal, while my skills in API integration, OOP, and C++ enable seamless data interactions. Equipped with knowledge of ERP systems and Firebase.

SKILLS

JavaScript	React	React Native
Firebase	Expo	APIs
ERP	PHP	HTML
CSS	Bootstrap	Git
Mysqli	Object Oriented programing(OOP)	C++
UI/UX design		

PROJECTS

- 📁 LEVELUP integrated tutoring (react native & firebase, Expo, Apis, Git, UI/UX design, figma)
 - Is designed to bridge the gap between students and tutors, offering a user-friendly interface along with communication tools. it offers a personalized instruction to enhance student learning outcomes. it offers realtime updates, personalized learning, private chat, live sessions, online payments, family intervention, regular followups and feedback developed with react native and firebase
- 📁 Ethiopian university exit exam platform (html, css, bootstrap, javaScript, php, mysqli, Git,)
 - This system is designed as a blueprint of the official EXIT EXAM , in order to prepare Students for National exit exam. The platform offers comprehensive practice to ensure students are ready to excel on the big day.
- 📁 ሐበሻ ብራንድ e-commerce website (html, css, bootstrap, javaScript, php, mysqli, Git,)
 - is an online marketplace dedicated to promoting, showcasing and selling products that represent the ሐበሻ culture.
